
Parking District Services

MISSION STATEMENT

The mission of Parking District Services is to:

- Support the role of public parking in commercial areas throughout the County. Parking management is an important tool for achieving public objectives of economic development and transportation management;
- Support the comprehensive development of the Silver Spring, Bethesda, Wheaton, and Montgomery Hills central business districts and promote their economic growth and stability by supplying a sufficient number of parking spaces to accommodate that segment of the public demand which is neither provided for by developers nor served by alternative travel modes;
- Promote and complement a total transportation system through the careful balance of rates and parking supply to encourage the use of the most efficient and economical transportation modes available; and
- Develop and implement parking management strategies designed to maximize the usage of the available parking supply in order to enhance the economic development of specific central business districts.

BUDGET OVERVIEW

The total approved FY16 Operating Budget for the Parking Lot Districts Funds is \$28,025,977, a decrease of \$501,515 or 1.8 percent from the FY15 Approved Budget of \$28,527,492. Personnel Costs comprise 18.2 percent of the budget for 52 full-time positions and a total of 49.33 FTEs. Total FTEs may include seasonal or temporary positions and may reflect workforce charged to or from other departments or funds. Operating Expenses and Debt Service account for the remaining 81.8 percent of the FY16 budget.

The FY16 Approved Budget and projections for FY17 and beyond reflect a funding structure change for the Parking Lot Districts. This change better aligns funding sources with intended purpose and more clearly delineates funding requirements and sources. This change eliminates future transfers from the Parking Lot Districts to the Mass Transit Fund to maintain Ride On operations or Transportation Management District activities. In all four Parking Lot Districts, the parking tax rate is set to zero and the taxing capacity is transferred to the Mass Transit Fund and the General Fund. In addition, the transfers to the Bethesda and Silver Spring Urban Districts have been reduced and will be offset by the General Fund Baseline transfer to those Urban Districts. These actions better align the taxing authority with the services provided and put the Parking Lot District funds on a more sustainable fiscal path in the future.

In addition, this department's Capital Improvements Program (CIP) requires Current Revenue funding.

LINKAGE TO COUNTY RESULT AREAS

While this program area supports all eight of the County Result Areas, the following are emphasized:

- ❖ ***A Responsive, Accountable County Government***
- ❖ ***An Effective and Efficient Transportation Network***
- ❖ ***Strong and Vibrant Economy***

DEPARTMENT PERFORMANCE MEASURES

Performance measures for this department are included below, with multi-program measures displayed at the front of this section and program-specific measures shown with the relevant program. The FY15 estimates reflect funding based on the FY15 approved budget. The FY16 and FY17 figures are performance targets based on the FY16 approved budget and funding for comparable service levels in FY17.

ACCOMPLISHMENTS AND INITIATIVES

- ❖ **Garage 21 (Colesville Road and Spring Street) was sold to a private property owner to facilitate the construction of the largest net zero office building on the east coast. This garage was underutilized and no longer necessary to meet the parking demands of the area. Its sale allowed the County to leverage the land to further promote economic development within Silver Spring.**
- ❖ **Opened the Capital Crescent Garage (Public Parking Garage 31) in Bethesda at Woodmont and Bethesda Avenues. This new state of the art 950 space public parking facility includes 60 foot clear spans and raised ceilings, a security system with video cameras and call stations, electric vehicle charging stations, and bicycle parking for easy access to the adjacent Capital Crescent Trail.**
- ❖ **Replaced the current individual parking meters on-street in Silver Spring with new "smart" meters. Meter enhancements include credit card processing as well as an easy to read video screen that displays parking rates, time purchased and any specific meter restrictions. The smart meter system includes an in-street sensor that allows parking availability to be displayed on the County website and provides the information to private application developers.**
- ❖ **To improve customer service, the payment system in the East West Highway Garage, under the NOAA Building, in Silver Spring will be converted from individual parking meters to a Pay On Foot system. Similar systems are now in use in Wayne Avenue and Town Square Garages in Silver Spring and the Bethesda Avenue and Capital Crescent Garages in Bethesda. The system reduces the possibility of a ticket for an expired parking meter and offers the flexibility to pay only for the time parked with a credit card, debit card, or cash.**
- ❖ **Parking Guidance Systems will continue to be rolled out to highly used facilities. Parking Guidance Systems display available parking spaces on signs at the entrance and exits to garages and transmit this data in real time to data.montgomery so that it can be used by commercial applications to help guide the public to available parking. Systems are currently operational in the Bethesda Avenue and Capital Crescent Garages in Bethesda and the Wayne Avenue and Town Square Garages in Silver Spring. The next garage scheduled for system installation is the Cameron Street Garage in Silver Spring.**
- ❖ **Expand use of demand-based parking rates to Silver Spring. This structure, now in use in Bethesda, aligns the most desirable parking spaces with the highest rate and allows customers to make an individual decision on cost versus convenience.**

PROGRAM CONTACTS

Contact Xavius DaSilva-Thompson of the Parking Districts Funds at 240.777.8711 or Brady Goldsmith of the Office of Management and Budget at 240.777.2793 for more information regarding this department's operating budget.

PROGRAM DESCRIPTIONS

Management Services and Property Development

This program supports the overall Parking Services program objectives through the management of Information Technology, Budget, Human Resources and Planning staff to optimize organizational effectiveness. The Program strategically plans for the re-development of Parking Lot District real property to promote the economic growth and stability of associated urban districts. It is responsible for the drafting and coordination of Requests for Proposals for property development and provides support in the negotiation and execution of General Development Agreements.

FY16 Approved Changes	Expenditures	FTEs
FY15 Approved	2,789,471	10.60
Multi-program adjustments, including negotiated compensation changes, employee benefit changes, changes due to staff turnover, reorganizations, and other budget changes affecting multiple programs.	81,721	1.00
FY16 Approved	2,871,192	11.60

Financial Management Program

The Financial Management Program has overall responsibility for recording and reconciling all parking district revenue and the administration of the Ad Valorem tax program.

It is also responsible for the management of the encumbrance and invoice payment process. Within this process it is directly responsible for revenue bond debt, fixed costs and utilities programs.

Program Performance Measures	Actual FY13	Actual FY14	Estimated FY15	Target FY16	Target FY17
Parking Customer Service Survey Ranking	3.28	3.28	NA	TBD	NA
Parking Management Cost Efficiency (ratio of expenses to revenues) ¹	\$0.61	\$0.57	\$0.64	\$0.79	\$0.79
Parking Management Revenue Generated (\$ millions)	42.1	41.2	44.4	35.5	35.5
Parking Operating Expenditures (\$ millions)	25.7	23.6	28.4	28.0	28.0

¹ Zeroed tax revenue for FY16, and reduced transfers to Mass Transit Fund (never reflected in revenue totals).

FY16 Approved	8,144,407	4.20

Parking Facility Maintenance and Engineering

This program provides the maintenance of all parking lots, garages, and surrounding grounds. Facilities maintenance is programmed at a level which is designed to ensure the operational integrity of the facilities and the safety of parking patrons. Maintenance of parking facilities includes: snow and ice removal; housekeeping services; equipment maintenance for elevators, electrical systems, and Heating, Ventilation, and Air- Conditioning systems (HVAC); facility repairs for maintenance of damaged glass, asphalt, concrete, plumbing, painting, space stripes, graffiti, doorframes, brick and block, meter posts, and woodwork due to vandalism, use and age; and grounds-keeping services.

Additionally, the program supports a balanced system of public parking which promotes the economic stability and growth of the County's central business districts. This is implemented through the design and construction of new parking facilities, including mixed-use projects. The program also includes renovating and improving existing parking facilities to ensure the preservation and integrity of the parking system and its continued service to the public. This program also evaluates energy usage and recommends and implements improvements that reduce the amount of energy used by off-street facilities.

FY16 Approved Changes	Expenditures	FTEs
FY15 Approved	5,558,831	17.98
Decrease Cost: Emergency Backup Batteries in Garages - Wheaton	-22,000	0.00
Decrease Cost: Emergency Battery Backup in Garages - Bethesda	-38,500	0.00
Decrease Cost: Emergency Backup Batteries in Garages - Silver Spring	-57,200	0.00
Multi-program adjustments, including negotiated compensation changes, employee benefit changes, changes due to staff turnover, reorganizations, and other budget changes affecting multiple programs.	75,017	-0.48
FY16 Approved	5,516,148	17.50

Parking Operations

This unit has overall responsibility for the collection and processing of all parking revenue, including revenue from individual meters, automated pay stations, cashiered facilities, parking permits, and parking fines. Additionally it provides support to the Mass Transit Fund in the processing of bus revenue for deposit.

The program is also responsible for the management of the parking citation database and provides management of the appeal process for all parking tickets written within the County. Parking Operations maintains regularly scheduled parking enforcement patrols in all Parking Lot Districts (PLD), residential permit areas outside the PLD's and other designated County facilities. In addition, this program provides a comprehensive meter maintenance program to ensure all meter devices function properly.

Augmenting the public safety mission of the County Police, this unit also provides contract security guard services for parking facilities to detect and report theft, vandalism, and threats to personal security. Security support is also provided by the Silver Spring Clean and Safe Team.

Parking Operations also manages and executes the Parking Outside the Parking Districts Program funded by the County's General Fund.
